Common Phlebotomy Combo Course Questions:

QUESTION: I only need a few contact hours; can I purchase the associated course titles separately?

ANSWER: Yes. You may purchase the course titles in any of our Combo Courses separately. Just visit our website and locate the category listed next to the course name on the previous page. There you will be able to purchase that title.

QUESTION: Will these courses be accepted for my license renewal?

ANSWER: Most states and certification agencies (ASCP, California Dept of Health, etc.) that require phlebotomy continuing education will accept these courses. If you are unsure if your license or certification issuer accepts continuing education approved by CA, FL, or ASCLS P.A.C.E., please check with them directly.

QUESTION: * Why don't you offer the Phlebotomy Combo in the Printed Book format?

ANSWER: Two reasons: 1.) Depending on the course there may be color images, which are important to view in color or may have references to colors in the image. 2.) We had very few requests for printed books, so it was not cost effective to have them printed any longer.

QUESTION: What are your provider numbers?

ANSWER: ASCLS P.A.C.E. #: 511 | California AA #: 0001 | Florida CE Broker #: 50-2256

QUESTION: How can we set up a new Group for our Lab?

ANSWER: [Click here](#) to learn more about Groups, then click on the pink "Register A New Group" button to fill out form.
